## WORK EXPERIENCE

### Frontend Developer

#### Technopark

03/2022 - 07/2022

Almaty, Kazakhstan

Technopark is a freelance company. They take order from and gives us a task and share to each team. After doing a code review and test.

Achievements/Tasks

- Testing, Bug fix and other role

### Frontend Developer

#### Technodom

03/2022 - 06/2022

Almaty, Kazakhstan

Internship - in this company, my team and I did a real project of a technohouse. After the project, of course, there were tests, code reviews and bug fixes.

Achievements/Tasks

- Testing, Bug fix and other role

### FullStack Developer

#### nFactorial

06/2022 - Present

Almaty, Kazakhstan

nfactorial is Kazakhstan number 1 course. Here we make our own product, we make a project, after that there will be a check. Checks the design and quality of the code, more precisely the code review.

Achievements/Tasks

- Testing, Bug fix and other role
